**Re: Docket No. 00-0495
OSF St. Francis Center for Health Water Main Extension
Information Pursuant to Part 300.30**

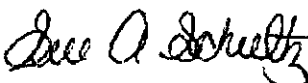

Dear Roy:

Attached, please find copies of the letters, without attachments, sent to the landowners in accordance with the requirements of Part 300.30 and the determination of Mr. Jones, for your records.

If you have any questions concerning the letters, please let me know.

Very truly yours,

ILLINOIS-AMERICAN WATER COMPANY

Dear Landowner:

Illinois-American Water Company has petitioned the Illinois Commerce Commission for a Certificate of Public Convenience and Necessity which will allow it to own and operate an extension of its pipeline consisting of 7,700 feet of 12-inch water main and 90 feet of 8-inch water main. This main will extend from State Route 150 and Orange Prairie Road north and east in easements to State Route 91, $\frac{1}{4}$ of a mile north of Route 150. The proposed pipeline will provide service to a development on Route 91 known as OSF St. Francis Center for Health.

Your property, tax I.D. #13-11-100-007, is located along the route of the proposed main. Twenty-foot wide easements for the project are being sought by the developer, Hammes Company. Hammes Company will seek to negotiate a fair and reasonable agreement for the requested easements.

Please find attached a "Statement of Information from the Illinois Commerce Commission Concerning Acquisition of Rights-of-Way by Illinois Utilities."

If you have any questions or concerns about the water facilities or necessary easements, or would like to meet to discuss the project further, please contact Ray Bowden, Operations Manager, Northern Division, 123 S.W. Washington Street, Peoria, Illinois 61602, telephone (309) 671-3701, extension 121.

We thank you for your time and consideration towards the successful completion of this project.

Very truly yours,

Kevin F. Hillen
Manager
